9 June 2023

Re: Sarah Cornelius

Sarah Cornelius was employed at QSI International School of Chengdu as a Director of Instruction from July 2022 to June 2023. Her responsibilities were similar to that of a division principal and included teacher observations and assessments, scheduling, and communicating with parents. In addition, she taught technology class to the 8-10year old students.

Sarah is kind, patient, and caring. She developed a strong relationship with students and parents and was well respected by colleagues. Her calm demeanor made her a favorite amongst the elementary students; she always has time to talk to them and listen to their stories.

However, Sarah's first love is technology. She quickly determined that she preferred the classroom to the office and took on a teaching role in addition to her administrative duties. Sarah's classes loved learning from her and Sarah enjoyed the additional interaction with the students.

Sarah is an excellent educator and a great role model. She will be a strong addition to any school.

Regards,

Dr. Clare McDermott
Director
